

“It is the dawn of a new era in which we are coming to realize that while our past has brought us to where we are, it does not define us. Yamada Sensei may have known this, but we are learning it—that his leadership was one wave on a vast ocean of practice that is greater than any one of us; that is vital and alive and calling us forward to deeper connection, life-changing, multi-generational, ever-evolving practice.”

---Steve Pimsler, 7th Dan Shihan, Chief Instructor New York Aikikai, USAF Technical Committee
